

## **REACH Certification of Compliance for Anaren Integrated Radio (AIR<sup>™</sup>) products**

This document certifies that all products produced under the AIR product line are compliant with REACH (EC) No 1907/2006 legislation and can be accurately described in the following manners:

- Are categorized as articles under current REACH legislation.
- Are not intended to release substances during normal or reasonably foreseeable conditions of use.
- Do not contain any of the **174** SVHC (Substances of Very High Concern) described by the ECHA (European Chemicals Agency) on **July 7, 2017** at levels surpassing the threshold of 0.1% by weight and with a total weight across the product line exceeding 1 metric ton.
- Do not contain any of the substances listed in the **43** entries subject to authorization of REACH Annex XIV as of **June 16, 2017**.
- Comply with the restrictions of REACH Annex XVII (Restrictions on the manufacture, placing on the market, and use of certain dangerous substances).

Anaren works actively with suppliers to ensure continued compliance with REACH legislation. Furthermore, Anaren remains vigilant in monitoring the SVHC candidate list for new additions. Should a newly added SVHC candidate be found in any AIR products, Anaren Microwave will work diligently to move this product to immediate compliance.

I hereby certify that the information provided in this form is accurate and complete. I further certify that I or another representative of our Company will post notification through our distribution partners and/or our corporate website within ten (10) business days of determining that any information is no longer accurate with regard to the described part(s).
