

## **RoHS Certification of Compliance for Anaren Integrated Radio (AIR™) products**

This document certifies that all products produced under the AIR product line are compliant with Article 4 of DIRECTIVE 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 8 June 2011 on the **Restriction** of the use of certain **Hazardous Substances (RoHS)** in electrical and electronic equipment.

Anaren works actively with suppliers to ensure continued compliance with RoHS legislation. This entails monitoring of the homogeneous breakdowns of vendor supplied materials and components for the presence of any RoHS restricted materials in quantities above the specified thresholds.

I hereby certify that the information provided in this form is accurate and complete. I further certify that I or another representative of our Company will post notification through our distribution partners and/or our corporate website within ten (10) business days of determining that any information is no longer accurate with regard to the described part(s).
